Some conclusions

- 1.
- 2.
- 3.
- 4.
-

EuroSDR has much to offer...

- Functioning **network** linking NMCA's with research institutes and private sector
- Modern relevant **research programme**
- Ability to propose, undertake and disseminate **timely research and benchmarking projects**
- Hosting and co-hosting **focussed workshops**
- Publication of project and workshop **results** in professional standard **publication series**
- **Guidelines** and best practices
- **Educational Service (EduServ)**
