

International Workshop on Exploring the new frontiers of Volunteered Geographic Information (VGI) – Welcome in Paris!

EuroSDR in a nutshell

- EuroSDR is a not-for-profit organisation linking National Mapping and Cadastral Agencies with Research Institutes, Universities and Companies in Europe for the purpose of applied research and innovation in spatial data provision, management and delivery.

EuroSDR in a nutshell

- Work is organised through 5 thematic commissions and 3 transversal interest groups
 - Data Acquisition (Eija Honkavaara)
 - Modelling, Integration and Processing (Ivar Oveland)
 - Information Usage and Visualization (Claire Ellul)
 - Business Models and Operation (Frédéric Cantat)
 - Knowledge Transfer (Anka Lisec)
- Special Interest Group on Data Acquisition (Jeroen Leusink)
- Special Interest Group on 3D (Knut Jetlund)
- Special Interest Group on GeoAI (Bhavya Kausika)

Agenda (Day 1)

13:30	Welcome address	Frédéric Cantat , EuroSDR / IGN France
13:40	Opening address	Peter Mooney , Maynooth University, Ana-Maria Raimond , Gustave Eiffel University and IGN France / Géodata Paris, Juha Oksanen , Finnish Geospatial Research Institute and National Land Survey, Frédéric Cantat , EuroSDR / IGN France
14:00	Presentations session (part 1) <i>Volunteered usability metadata and topographic change modelling</i> <i>Comparing and Improving Volunteered and Authoritative Road Data: Insights from a Systematic Cross-Dataset Analysis</i> <i>Romania's National Geospatial System and VGI</i>	Bénédicte Bucher and Ana-Maria Raimond, Gustave Eiffel University and IGN France / Géodata Paris Knut Jetlund, Norwegian Mapping Authority and Norwegian University of Science and Technology, and Bjørn Arild Godager, Norwegian University of Science and Technology Ileana Spiroiu, National Agency for Cadastre and Land Registration (ANCP)
15:15	Coffee break	

Agenda (Day 1)

15:15	Coffee break	
15:45	Presentations session (part 1) <i>Panoramax, the free alternative to photo-mapping territories</i> <i>IDEAMAPS Data Ecosystem, community-centred validation of urban deprivation models</i>	Amélie Crépin and Christian Quest , IGN France Vanessa Galeano Duque and Diego Pajarito Grajales , Urban Big Data Centre
16:35	Breakout session 1	What approaches can be used to provide data validation and data training benchmarks based on data from crowd / community sourcing and geo-commons?
17:30	Summary of breakout session 1	
17:50	Wrap-up of Day 1	Short summary from day 1 and planning for day 2
18:00	End of Day 1	
20:00	Social dinner	

Agenda (Day 2)

09:00	Opening of Day 1	
09:05	Keynote – <i>National mapping and cadastral agencies (NMCAs) and geocommons, a way for a sustainable and sovereign future at the European scale?</i>	François Chirié , IGN France
09:45	Interactive session: <i>How to keep OpenStreetMap and other open geospatial data ecosystems sustainable with the rise of AI?</i>	Héctor Ochoa Ortiz , OpenStreetMap Foundation
10:15	Coffee Break	

Agenda (Day 2)

10:15	<i>Coffee Break</i>	
10:45	Breakout session 2	Exploring the new frontiers of Volunteered Geographical Information (VGI). What does the future of VGI look like? This breakout session will consider ideas around contributing to a position paper on this topic authored by the delegates of the workshop.
11:45	Summary of breakout session 2	
12:00	Publication planning and next steps	We plan to organise collaboration on a peer-reviewed journal paper around the topic of new frontiers in Volunteered Geographic Information. Here we will discuss the practical steps of working together on this in the coming months.
12:30	Closing of Day 2 and Lunch	
14:00	End of the Workshop	

Thank you for your attention!
